Miss Judith Shimansky
Manager, Station WSRN
Swarthmore College
Swarthmore, Pennsylvania

Dear Miss Shimansky:

We have received your "Career Hour" questionnaire. It states that your station carries this program 8:05:40 to 8:45 pm Monday.

The contract you signed and returned to us just a couple of weeks ago specifies 9:45-10:00 pm. You failed to fill in, on the contract, the Day of The Week. I attempted to make clear that both the Time and the Day were to be entered by you.

If the questionnaire is correctly filled out, the station is not doing the program in accordance with its contract. It is probable that we can receive permission from Career Publications for you to carry the program at the Monday time, or any other evening half hour. They would actually prefer two evenings, fifteen minutes each, to spread the twice-weekly Burroughs announcements apart.

It has been decided to forward to you a blank modification form. Please enter the TIME and DAY(s) OF THE WEEK which you choose for Career. If you wish to continue "8:05:30-8:45:00 MON", enter those times and that day. Sign all four copies, Return all four copies. This is necessary because they must then be submitted to Career Publications. If approved, the station copy will then be returned to you.

I am sure you can appreciate the fact that the station is required to obey the broadcast contract. Your cooperation in settling on a time and processing its attachment to the contract will be greatly appreciated.

Yours truly,

Philip D. Knowles
Operations Manager
